This Month's Presentation

“My Lil’ Buddies”

Presenter: Aaron Kogan

In March, Aaron showed us some of his Access Add-ins. Add-ins allow easy access to tools, created by you or someone else, in virtually all of your database projects. This month, Aaron will be showing some more of the Access add-ins that he has created.

Our presenter, Aaron Kogan, is the owner of SLM Data LLC. He has been developing databases for the National Park Service, The Nature Conservancy, The Maui Invasive Species Committee and many other companies since 2000. Aaron also dabbles in Geographical Information Systems (GIS) when he has a free moment. Aaron can be contacted at Aaron@SLMData.com or check out SLM Data LLC’s website at www.SLMData.com.

Short Demonstration

“Ribbon Candy”

Patrick Headley will demonstrate the features of the Avenius Gunter Ribbon Designer. It makes designing ribbons for Access, Excel and Word pretty sweet.

Next Month’s Topic (November 20th, 2008)

Thanksgiving Party!!!

If **you** are interested in presenting to the group, please contact Jim Pilcher. at daaugPresident@daaug.org.

Next Meeting:

Monday, October 27th 2008 – 5:30 PM to 9:00 PM

Location: Microsoft, Desert Mountain (Denver)

“Pragmatic Architecture for Developers”

Presenter: Fernando Cardenas, Software Architect

Do you want your code to improve immediately?
Do you want your application architecture to be cleaner?

Fernando will introduce you to two related principles -- Separation of Concerns and Single Responsibility. By following these two values, your code will improve immediately and your application architecture will become cleaner!

See and discuss how these principles work in action by walking through a practical example on how to separate presentation, business logic, and the database layers from one another by refactoring some existing code. Building on that, Fernando will then show how the codebase is flexible to common changes.

For our complete agenda and e-mail, join the Denver Visual Studio Users Group™ at www.DenverVisualStudio.net.

Member to Member

Do you have something that might be of interest to other DAAUG members? Have a service? Something to sell? Looking for something? Then this section is for you. And no, it **doesn't** need to be computer or Microsoft Access related. Send your listings to daaugCommunications@daaug.org with "DAAUG: Member to Member" in the subject line.

Access classes by M.L. "Sco" Scofield

Check out our online schedule at <http://www.scobiz.com/ClassSchedule.asp>. We offer classes at all levels from beginning to advanced. To find the right class for you, check out our web site, call Sco at 303-757-7768, or send an email to Training@ScoBiz.com.

Access 2003 Introduction (L1) - October 27th, 28th - Regular \$470 - Call 303-757-7768 for special discount

Access 2003 Intermediate (L2) - November 3rd, 4th - Regular \$470 - Call 303-757-7768 for special discount

Access 2003 Query Techniques - November 19th, 20th, 21st - Regular \$750 - Call 303-757-7768 for special discount

Be sure to ask for the special DAAUG member discount.

Linx Consulting, Inc. would like to help you

[Linx Consulting, Inc.](http://www.linxconsulting.com) offers database application development for organizations, large and small. Linx Consulting, Inc. develops applications using MS Access 2000-

2007, SQL Server 97-2005, PostgreSQL 8.x, VB.Net 2003-2005, Crystal Reports and other technologies with a focus on database applications that use MS Access as the user front-end and MS Jet or a server database engine as the back end.

For more information on how we may serve you, please call Patrick Headley at (303) 916-5522 or visit our Website at www.linxco-inc.com. The entire Website contains examples of what we can do for your database application or Website. Each click on the sample link displays a different sample. Please take a look.

A Message from the Editor

“Presentations and Presenters”

Do you follow events or news that is relevant to Microsoft Access users and developers? If so, email daaugCommunications@daaug.org with information regarding the topic. A member of the DAAUG Board of Directors will review the information and, if it is determined to be of value to the group your information may show up in the newsletter or we will make an announcement at the main meeting.

We are always looking for speakers and topic ideas for our monthly meetings. To volunteer to be a speaker or to suggest a topic, see our President, Jim Pilcher (daaugPresident@daaug.org). You may also email him with "DAAUG Speaker" or "DAAUG Topic" in the subject line of your message.

This is your group and we need your support. You don't have to be a professional speaker to give a presentation. Your presentation can be about anything that's Microsoft Access related.

We are always looking for articles for our monthly newsletter. Send your articles or article ideas to daaugCommunications@daaug.org with "DAAUG Article" in the subject line.

Please visit www.DAAUG.org for the latest news, consultant lists, officer email addresses and more.

This newsletter is being sent to everyone on the DAAUG mailing list, including members, past members, and people that have been associated with the group. If you are a non-member and wish to be removed from our list, please send an email to daaugCommunications@daaug.org with "REMOVE" in the subject line.

The email address that this message was sent from is not monitored. If you wish to send a board member an email, please click the appropriate link above.
