## This Month's Presentation

### “Everyday VBA for Really Smart People”

Presenter: Jim Pilcher

Let your former DAAUG president, Jim Pilcher, show all of you really smart people some everyday solutions he's crafted with VBA. Learn about compiler directives, conditional formatting controls with code, changing table structures with VBA/DAO, the difference between the various DAO recordset types, and oh so much more. As an added bonus, every member attending will be eligible for a copy of the presentation database with all of the code and examples discussed during the evening. Just bring your USB flash drive and Jim will burn you a copy to cherish and treasure. Don't miss this opportunity to be a really smart person.

Our presenter, Jim Pilcher, is a prominent Microsoft Access developer in the Colorado Front Range area, having worked with Access professionally since 1992. He is an active member and past President of our group. A Microsoft Certified Professional, Jim's company, DataOne, Inc., maintains a broad clientele base providing Access & SQL Server solutions for local enterprises and large international companies. See Jim's company profile on our DAAUG web site

## Member to Member

Do you have something that might be of interest to other DAAUG members? Have a service? Something to sell? Looking for something? Then this section is for you. And no, it **doesn't** need to be computer or Microsoft Access related. Send your listings to [daaugCommunications@daaug.org](mailto:daaugCommunications@daaug.org) with "DAAUG: Member to Member" in the subject line.

## Linx Consulting, Inc. would like to help you

[Linx Consulting, Inc.](#) offers database application development for organizations, large and small. Linx Consulting, Inc. develops applications using MS Access 2000-2007, SQL Server 97-2005, PostgreSQL 8.x, VB.Net 2003-2005, Crystal Reports

and other technologies with a focus on database applications that use MS Access as the user front-end and MS Jet or a server database engine as the back end.

For more information on how we may serve you, please call Patrick Headley at (303) 916-5522 or visit our Website at [www.linxco-inc.com](http://www.linxco-inc.com). The entire Website contains examples of what we can do for your database application or Website. Each click on the sample link displays a different sample. Please take a look.

## **A Message from the Editor**

### **“Presentations and Presenters”**

Do you follow events or news that is relevant to Microsoft Access users and developers? If so, email [daaugCommunications@daaug.org](mailto:daaugCommunications@daaug.org) with information regarding the topic. A member of the DAAUG Board of Directors will review the information and, if it is determined to be of value to the group your information may show up in the newsletter or we will make an announcement at the main meeting.

We are always looking for speakers and topic ideas for our monthly meetings. To volunteer to be a speaker or to suggest a topic, contact our President, at ([daaugPresident@daaug.org](mailto:daaugPresident@daaug.org)). You may also email him with "DAAUG Speaker" or "DAAUG Topic" in the subject line of your message.

This is your group and we need your support. You don't have to be a professional speaker to give a presentation. Your presentation can be about anything that's Microsoft Access related. You can make the main presentation or give a short one about an application that you are working.

We are always looking for articles for our monthly newsletter. Send your articles or article ideas to [daaugCommunications@daaug.org](mailto:daaugCommunications@daaug.org) with "DAAUG Article" in the subject line.

Please visit [www.DAAUG.org](http://www.DAAUG.org) for the latest news, consultant lists, officer email addresses and more.
