## This Month's Main Presentation

### **Title: Tips and Tricks Inspired by Student Questions**

Presenter: M.L. "Sco" Scofield

This month, Sco Scofield will be presenting a collection of small "demo" databases that he's used to answer questions and solve problems for his Access students. All of the bases will get covered from forms and reports to queries and even a macro. And of course there will be code. Because, as we all know; "Code fixes everything!" Always entertaining and informative, come join us this month for another one of Sco's excellent presentations.

Our presenter, M.L. "Sco" Scofield, is a Microsoft Access trainer and consultant in Denver, Colorado. He is an active member and "Consigliere" of our group. Sco is also a frequent speaker at our group. He has been using Access since version 1.0. Sco spends a large amount of his time as an instructor training all levels of Access from the introductory level all the way through advanced programming. He is a "Microsoft Certified Solution Developer," a "Microsoft Certified Professional," and is A+ certified. Sco was awarded the prestigious "Microsoft MVP" award from 10/1/2001 through 10/31/2005 in recognition of the time that he spent helping

Access users in the Access newsgroups on the Internet.

See Sco's company profile on our DAAUG web site Consultants list at [www.daaug.org/consultants.asp](http://www.daaug.org/consultants.asp) and on his web site at [www.ScoBiz.com](http://www.ScoBiz.com).

### **"Presentations and Presenters"**

Do you follow events or news that is relevant to Microsoft Access users and developers? If so, email [daaugCommunications@daaug.org](mailto:daaugCommunications@daaug.org) with information regarding the topic. A member of the DAAUG Board of Directors will review the information and, if it is determined to be of value to the group your information may show up in the newsletter or we will make an announcement at the main meeting.

We are always looking for speakers and topic ideas for our monthly meetings. Please include "**DAAUG Speaker**" or "**DAAUG Topic**" in the subject line of your message.

This is your group and we need your support. You don't have to be a professional speaker to give a presentation. Your presentation can be about anything that's

Microsoft Access related. You can make the main presentation or give a short one about an application that you are working.

We are always looking for articles for our monthly newsletter. Send your articles or article ideas to [daaugCommunications@daaug.org](mailto:daaugCommunications@daaug.org) with "DAAUG Article" in the subject line.
